

12th April 2022

Ref: TF/04/12 – Vertikal Days

VERSALIFT AND RUTHMANN AT VERTIKAL DAYS IN MAY – ONE COMPANY, TWO MARKET LEADING BRANDS!

At this year's Vertikal Days we are delighted to be showcasing Versalift and Ruthmann on stands 410-412, taking place on Wednesday 11th and Thursday 12th May at the East of England Showground in Peterborough.

We will be exhibiting a variety of market leading van mounts from Versalift, including the National Small Series Type Approved VTL-135 on a Ford Transit, and the new e-Tech Hybrid on an Iveco 35s. You will also have the opportunity to see the new Type Approved VTA-135 on a Toyota Hilux - completely redesigned, the new VTA features the already well-received profiled lightweight boom.

Do you need to access those hard-to-reach areas? Our VTX-240 demonstrator vehicle will be available to purchase from the stand. With an impressive 24m working height and 12.5m outreach, roof-top maintenance is made easy with the up and over capability.

As the official distributor for Ruthmann in the UK and Ireland, we will be exhibiting the STEIGER® T 330 XS which boasts 33mtrs of working height and 21.75mtrs of outreach! We will also be welcoming the ECOLINE 230 to this year's show, a truck-mounted aerial work platform with a rigid telescopic system.
