# THE NEW VTE-125 RENAULT MASTER

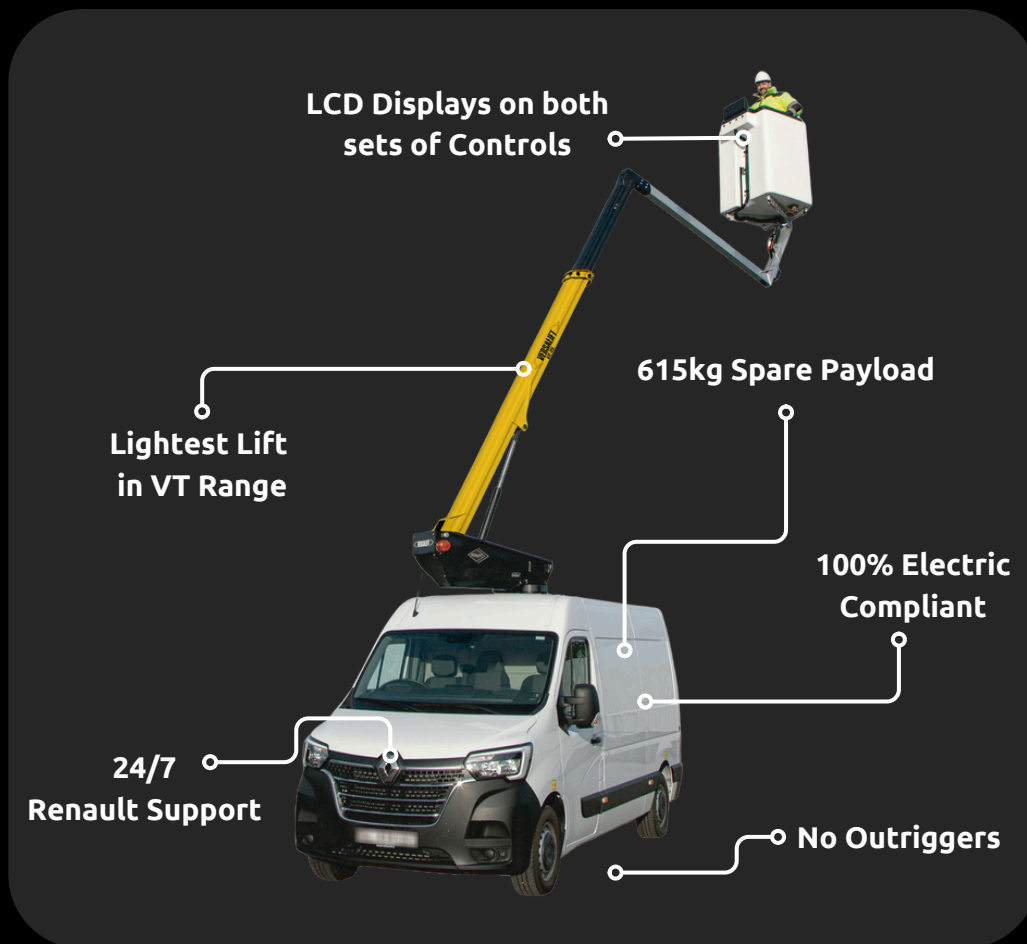

The lightest ever lift in the VT range

Enabling our customers to work  
**safely** and **maximise** their productivity

# THE NEW VTE-125 RENAULT MASTER

The VTE-125 is the lightest platform in the Versalift van mounted range. This new budget-friendly model excels in productivity, safety and return on investment. With no outriggers, it's extremely fast to set up and the no-limit boom system provides a complete working envelope.
