SUBJECT: SAFETY HARNESS ANCHORAGE ENHANCEMENT KIT

SERVICE BULLETIN REF. 03/1101

DATE: November 2003

As a part of our ongoing product development programme we have introduced cage safety harness reinforcement brackets on all non-insulated machines as illustrated below. It is strongly recommended that these brackets be fitted to all existing machines. To this end the brackets are available as a free of charge kit on request from Versalift Distributors UK Ltd. The kit can be fitted in approximately 30 minutes.

Attached is a request form for harness anchorage enhancement kits which should be sent to Versalift Distributors UK Ltd at the address below.

If you have any questions, or if further information is required, please contact the Versalift Technical Help Line on 01536 721010
